Marchetti

Italy

Italian craftsmanship at its best utilizing glass, crystal, and fine metals. There are many finishes to choose from. Thanks to a modern and efficient industrial plant, including an impressive finishing department and epoxy powder coating oven baked at 180°C, the company's creations have technically advanced color effects. An important detail: the galvanic finish with 24k gold and 1000 silver, is also made on 316 stainless steel for marine environments.
